WORK EXPERIENCE

Cognizant

Jun 2022 – Present

Software Engineer

Noida, IN

- Developed efficient and scalable **Java** code, leveraging **Spring Boot** framework, resulting in a 20% improvement in application performance.
- Executed **RESTful APIs** for seamless database integration within a financial software ecosystem; optimized query response time by 40% and increased data retrieval efficiency by 50%.
- Resolved critical bugs and issues through rigorous **debugging** and **testing**, achieving a 95% success rate in bug resolution and significantly reducing production incidents by 30%.
- Optimized **MySQL** database queries, reducing page load times by 15% and enhancing overall application performance.
- Achieved an on-time delivery rate of 95% by utilizing **Agile methodologies** and delivering software modules within tight deadlines.

Cognizant

Dec 2021 – May 2022

Programmer Analyst Trainee

Noida, IN

- Designed and implemented scalable Spring Boot APIs, demonstrating expertise in **Java 8** and **Microservices architecture**.
- Created responsive user interfaces with **Angular**, leading to a 15% improvement in user satisfaction scores.

EDUCATION

NSUT East Campus

Aug 2017 - Aug 2021

Bachelor of Technology in Computer Science (CGPA: 8.9 / 10)

Delhi, India

PROJECTS

News Application | [🔗 Buster Times](#)

- Developed a cutting-edge news web application with advanced search capabilities, article reading features, and wishlist functionality; increased user engagement by 40% and retention rates by 25%.
- Engineered a seamless app registration process, enabling users to effortlessly sign up and access app features; resulting in a 40% increase in user retention and a 25% growth in user engagement.
- Tech Used: Java Spring Boot, JWT, RabbitMQ, Sonar Lint, Swagger, Docker, MySQL, MongoDB, Angular, Bootstrap.

News Application | [🔗 Shop Nest](#)

- ShopNest is an innovative e-commerce application designed to revolutionize the online shopping experience. It aims to provide enhanced user satisfaction scores by 40% through seamless navigation and satisfying shopping journey.
- Architected and rolled out a secure user authentication system incorporating JWT-based tokens, which boosted user retention by 30% and decreased login errors by 20%.
- Orchestrated the successful integration of Angular Material UI, which result in a 40% improvement in website user interface and a 25% increase in user engagement metrics.
- Tech Used: Spring Boot, JWT, Apache Kafka, Jasypt, PostgreSQL, MongoDB, Angular, Material UI.

SKILLS

Language: Java, C/C++

Frameworks: Spring, Spring Boot, Hibernate, Angular, Bootstrap, Material UI

Technology: HTML/CSS, Docker, Kafka, RabbitMQ, MYSQL, MongoDB, Swagger, Git, Jenkins, AWS, Postman

CERTIFICATIONS

AWS Certified Developer - Associate : **Verify**

AWS Certified Cloud Practitioner : **Verify**

Google Cloud Certified Cloud Digital Leader : **Verify**

Microsoft Certified: Azure Fundamentals : **Verify**
